LEHIGH
UNIVERSITY

The Center for Career & Professional Development

Career Learning Cycle

The mission of Lehigh's Center for Career & Professional Development is to provide career education and connections that support student success. We fulfill this mission with a focus on students and their unique needs. Utilizing a blended learning approach, we deliver career education through career coaching, learning labs, workshops, classroom presentations, online tools and high-impact experiential learning opportunities to enhance student development.

Our team is aligned with the undergraduate colleges to deliver customized career education and connections. We develop opportunities for students to connect with employer partners and alumni through externships, internships, on-campus interviews, career expos and more.

CCPD uses a four-year learning cycle that helps students take charge of their career development.

Our career learning cycle is a simple way to help students think about and plan their futures.

EXPLORE

Ask big questions, and explore and participate in activities that will help you develop an understanding of how your strengths, skills, interests and values relate to your choice of a major and career.

DEVELOP SKILLS

Build effective skills and your personal brand, and develop the tools and strategies needed to secure an internship and full-time position.

GAIN EXPERIENCE

Expand your skills and try experiential opportunities such as internships, capstone projects, research, international experiences, entrepreneurial experiences and community service.

BUILD CONNECTIONS AND NETWORK

Make connections, seek information and advice about career paths, network, and work with the CCPD team to develop a strategy.

Internships and Experiential Learning

96%

of our students completed one or more internships or an experiential learning opportunity
