Programs and Events (One day volunteer opportunities)

- **“Resume Marathon”** – a one day event held on campus every Fall and Spring. Meet with current students directly to provide a resume critique.
- **“Mock Interview Day”** – a one-two day event held on campus every Fall and Spring. Meet with students to conduct a brief mock interview. Provide advice and interview guidance for students prior to interviews for summer internships or full-time positions.

Recruiting and Mentoring Students

- **Career Fairs** – Represent your employer at the annual Career Fairs held on campus in September and March. Join top companies to market your summer internship or full-time opportunities to Lehigh’s talented students.
- **On Campus Recruiting** – Lehigh Career Services hosts 200-300 employers each year to recruit students. Interviews typically begin in early October through December in the Fall semester, and resume mid-February through April during the Spring. Contact Career Services to schedule your on campus recruiting date.
- **Job Postings** – Is your company hiring a new graduate? Post your position online through Career Services.
- **Externships** – One of the best ways for a student to learn about a career is to shadow someone who works in a field, position or industry of interest. Host a current student during the students winter break for 2-5 days so they can learn about your field. Externships are offered to students in the College of Arts and Sciences, College of Business and Economics and the P.C. Rossin College of Engineering and Applied Science.

Networking with Students

- **LUNet Volunteer** – Lehigh’s online networking database is 26,000+ members strong. Students can search this database by industry, job title or employer. LUNet Participants can provide valuable information and advice to students as they explore a new field and/or begin to job search.
- **Lehigh on LinkedIn** – Join the Lehigh alumni group to build Lehigh connections!
